OLD CLAIM FOR SHEEP

Brings a Peculiar Case into the Muskingum Courts.

MOSES McKEE IS THE ACCUSED

He is Being Tried For What Is Alleged to Have Been Done Nine Years Ago. Coshocton Interested.

A trial which interests a number of Coshocton people is occupying the attention of common pleas court in Zanesville. Moses McKee is charged with taking sheep, not his property, from Robert Cochran in 1892.

The legal battle is one of the most important of the term and Prosecutor Lemert is assisted by Attorney S. M. Winn, F. H. Southard, of Zanesville, and Attorneys Powelson and Wheeler, of this city, are battling for the defense.

"The alleged crime was committed in 1892," says the Zanesville *Signal* "Mr. McKee and a man named Compton, both of whom lived north of Dresden, quartered about 700 sheep on what is known as the Robinson farm, adjoining that of Robert Cochran Mr. Cochran had 14 sheep which had been pastured in a field adjoining one of these in which Messrs. McKee and Compton had their stock.

"After a stay of about two months the large flock was driven to Mr. Compton's home and Mr. Cochran missed his sheep. The defendent claims that he did not know that Mr. Cochran's sheep were quartered next his own and that when he found strange animals among the latter he did not know who the owner was. The missing sheep were finally returned to the proper owner who has since died."

John M. Adams, of this city, was called to testify in the case Wednesday and was summoned again today. The case is exciting a great deal of interest in the northern part of Muskingum county and the southern part of Coshocton county.

TALENTED PROF. REYNOLDS

Entertained a Large Audience at Grace M. E. Church.

It was a delighted audience that sat for almost two hours Thursday evening in the auditorium at Grace church and heard the music rendered by Professor Reynolds and his sons of Newark. The program was a good arrangement of excellent music and the professor's performance at the organ showed talent and a high degree of education, while the young men with the trombone and cornet added materially to the evening's enjoyment. Mr. William Reynolds possesses a fine baritone voice of rare quality, and when he sang it was with a richness that brought forth a storm of applause from the delighted audience The recital throughout was most enjoyable.

A SYNCHRONIZING CLOCK

Placed in the Postoffice Lobby For Convenience of the Public.

A Western Union self-synchronizing clock, which is corrected hourly by wire from Washington, has been placed in the lobby of the postoffice for the convenience of the public in getting exact time. The company is placing the clocks in the larger postoffices throughout the country, the postmaster general having granted special permission to surround the clock with a panel of advertisments, in consideration of the benefit which the public derives from the clock. Department rules forbid the posting of advertisements in a postoffice, and exceptions are made only by special permit from the officials at Washington.

FLOWER THIEVES AGAIN

They Have Already Appeared and Are Helping Themselves Liberally.

Flower thieves have already appeared in the city and are helping themseves liberally to what they can find.

Flower beds are not as yet in full bloom, but there are enough blossoms in town to tempt the thieves, and they cannot resist the temptation. A number of instances have come to light where flowers were stolen Tuesdad and Wednesday nights. If possible the practice should be stopped.

A GOOD GAME.

It Pays the Swindler Three Dollars for One and Sticks the Buyer.

A swindle with an endless chain feature is being successfully worked.

A party representing himself as the agent of a buggy company sells a farmer four coupons for $22 50. The farmer is to dispose of the four coupons at $22 50 each and remit the proceeds and $4.50 additional, whereupon he receives a buggy priced at $100, but which in reality is worth about $25. The parties to whom he sells the coupons each gets a buggy by going through the same process, in which case 16 farmers would be in the hole $22 50 each and so on to the end of the chain which is never reached

TESTING THE FIELD.

Cassingham Coal Company Going Into Wills Creek District.

The Cassingham Coal company is beginning operations in the big Wills Creek field and purchases of coal land are being made.

THE AGE correspondent at Wills Creek sends the information to this paper that C. A. Shroyer has sold the coal under his land to the company for $1,000. Workmen are drilling on the farm of J. W. Cassingham for the purpose of finding the thickness of the coal.

BROUGHT TO COSHOCTON.

Two Little Girls From the Children's Home Will Live Here.

Rev. Mr. Kreusch, superintendent of the Tuscarawas county children's home at Canal Dover, came to the city Thursday with two little ones. He placed them in good homes in the city and returned to his big family.

The girls belong in this county and were sent to the home some time ago.

MUCH TROUBLE

Was Experienced Before the Fountain Was in Working Order.

Janitor Pigman, of the courthouse, had troubles of his own in getting the park fountain in working order. First the feeder was stopped up and the water could not be turned on. Plumbers repaired this, and Wednesday evening he discovered the waste pipe was clogged and the water had to be shut off and the basin pumped dry before the pipe could be cleaned.

JUNE IS THE MONTH

When Many Coshocton People Will Go to Buffalo.

LAKE TRIP WILL BE POPULAR

But Some Will Take Other Routes, and Will See Other Cities Before They Come Back Again.

Buffalo is not so far from Coshocton and the railroads are not so grasping but what almost any person desiring to see the Pan American exposition will be able to bear the expense of the journey.

Travel arrangements from Coshocton are perfect, and the people can reach Buffalo either by the Pennsylvania lines or the Wheeling. There are a number of different tickets, the price being made according to the length of time the visitor desires to stay in Buffalo. If the stay is only for a few days a five dollar bill and some small change will cover the cost of transportation, but if it is for two weeks double that amount is required. The Pennsylvania offers stopover privileges for those who want to stay at Chautauqua and the Wheeling puts out an inducement in the form of a lake trip from Cleveland to Buffalo. Your inland man seldom misses an opportunity to ride on the water, and the lake route is already becoming popular. It will require an enormous amount of rolling stock to transport all the people who go to Buffalo, but the Pennsylvania and the Wheeling promise to carry passengers in the best they have. Sleeping and dining car service will do away with much of the inconvenience attending journeys of this kind but that, as usual, comes at a higher rate than the face price of a railroad ticket. Side trips from Buffalo will be offered.

The exposition will be open a long time, but June seems to be Coshocton's favorite month. It will not be as warm as July or August, and the buildings at the fair will not have taken on the dingy appearance that disappointed so many persons who went to Chicago in September to see a white city and instead saw the need of whitewash. Ohio day is in June, and it is expected thousands of Buckeyes will be there. The railroads will probably stimulate traffic by even better inducements than are now offered.

Whether our people will travel in regularly organized parties or each little group of friends make the journey, has not developed, but it is probable the last named arrangement will prevail. Buffalo hotels are good and as yet prices have not been advanced beyond the range of an ordinary pocketbook. There are a great many boarding houses in the city and these will be very liberally patronized.

The attractions of the big show are such that few people who desire to touch elbows with men and things from all parts of the world can afford to miss it.

IT NEEDS AWNINGS.

The New Passenger Station Is Uncomfortable These Hot Spring Days.

When the Pan Handle passenger station was built the designer forgot that it faces the west and the hot sun of summer afternoons is prone to find its way into the office and waiting rooms. The place is hot, very hot, and at this early date it has been demonstrated that awnings are necessary, even if only at the office windows.

Old newspapers now serve to keep out a little of the burning heat.

WHO WAS MRS. DAVIDSON?

A Brief Inscription Says She Died More Than a Hundred Years Ago

A grave marked by a stone, bearing the inscription, "Mrs. Davidson, aged 75 years. Died in 1800," is to be found just east of Mt. Pleasant, Jefferson county. The people of the community have taken up the matter to ascertain if possible, something of the history of the person buried there. Any information throwing light on the matter would be appreciated by Miss Rose Wood, of Mt. Pleasant

A MILE WASHED AWAY

The Canal Bank Suffered From the Floods of Last Week.

Superintendent Geidel has had his hands full during the week preparing to repair the damage done the canal by the recent flood.

The principal damage was between Canal Dover and Zoar although much money must be spent as far south as Lock 17 to make things right. At present he has about 300 men employed on the work, almost a mile of bank having been washed way.

Town Topics and All Kinds of Local Happenings Told in Brief.

—Gray Hardware Company.

—The Rue building, occupied by the Boston store, is receiving a coat of white paint.

—Willis W. Platt, engineer at the electric light plant, and Mrs. Mary C. Randles were united in marriage at Grace parsonage Wednesday evening by Rev. Dr. Toland.

—Work on telephone repairs is going on rapidly and more instruments are being connected up every day. Almost 200 answered this morning's test from the Citizens' exchange.

—Wheelman complain that broken bottles are by no means scarce on dirt streets and their tires suffer in consequence. They hope for relief after the housecleaning season ends.

—A freight wreck at Isleta Wednesday night blocked both tracks of the Pan Handle. A number of cars were derailed. The Dennison crew cleared away the wreck. It was fast work.

—Persons desiring to attend the G. A. R encampment at Bellefontaine next week can leave Coshocton at 6:03 in the morning and arrive at Bellefontaine in time for dinner if they go by way of Urbana.

—F. S. Persel, deputy revenue collector, was here from Logan looking after the distillery and cigar factories. Mr Persel was in Cuba where he suffered the unpleasant experience brought about by an attack of yellow fever.

—Ohio bankers will hold their annual meeting in Cleveland Oct. 16 and 17. It was decided in Columbus Thursday. H. C. Herbig, of the Commercial, is a member of the executive committee, and was present at the meeting.

—The Millersburg *Republican*, of which C V. Edwards, formerly business manager of THE AGE, is one of the publishers, has been enlarged to a seven column paper. Mr Edwards' friends will be glad to know he is prospering in the capital of Holmes.

—This is a season of surprises. With the moon shining brightly in the east a storm came up from the west. Dazzling lightning was followed by a deluge of rain that only lasted a few moments. Many persons were caught without umbrellas. It happened last night.

—Following is the program for the Young People's meeting at Grace church this evening: Life of Christ, A. S Caton essay, Harold Hershman; recitation, Arthur Piper; reading, Miss Edna Sayer; essay, Miss Nellie West; solo, Miss Erma Coe; essay; Charles Zellars.

TALKED BUSINESS TODAY.

Another East Liverpool Man Was Here Talking Pottery.

The representative of an East Liverpool pottery company was here for the purpose of laying before the board of trade plans for the construction of a pottery.

A meeting of the board of trade was held Friday evening, and the gentleman explained his proposition. He talked with members of the board this morning, and left on the Pan Handle for home. No agreement was reached.

The gentleman does not represent the company whose officers were here a few weeks ago but comes from another concern that is anxious to erect a new plant.

SCHOOL BOARD TONIGHT.

A Lot of Business Will Be Transacted at the Regular Meeting.

The board of education will hold a regular session in the office of Superintendent Fenton in the Chestnut street building this evening.

The meeting will be important and considerable business will be transacted, but it is not known that teachers for the next year will be employed.

STILL WAITING

For the Man Who Got the Money to Return Part of It.

J. C. Werts, who lost his pocketbook in this city last Saturday, was in the city today. He has not recovered his money, nor has he heard one word from it. He had hoped the person who found it would be honest enough to return at least a part of the $180, but not one word has been said. If it is returned now Mr. Werts will be surprised.

I have a number of Scotch, Swede and American granite monuments at my shop which I will name a low price on.

ENGINEERS AT WORK

Finding the Best Route for an Electric Railway

THROUGH TUSCARAWAS COUNTY

They Expect to Begin in Coshocton as Soon as the Franchise to Newcomerstown Has Been Granted.

The promoters of the southern extension of the Canton & Akron Electric railway are making history in a hurry these days and are pushing their project with all possible speed. Engineers are now at work finding a route in Tuscarawas county.

When Attorney Welty, of Canton, goes before the Tuscarawas county commissioners to ask for a franchise May 13, he will be armed with a lot of valuable information concerning grades, fills, cuts and the roads over which the line will be built.

The company, as stated in THE AGE, has two lines to Coshocton. One is over the hills through Bakersville and down the valley to Orange and the other is by way of New Philadelphia. The last named is desirable because it will tap a much more thickly populated country and the line between New Philadelphia and Uhrichsville and can be used.

The company's engineers have been traveling over the upper part of Tuscarawas for weeks, and Friday were finding a line from New Philadelphia to Newcomerstown by way of Peidler, Trenton, Wainwright and Gnadenhutten. This will be followed if the first named route is not taken.

As soon as the Tuscarawas franchis is obtained the engineers will enter Coshocton county and make a survey to this city through West Lafayette.

The Canal Dover *Reporter* has this to say of the project:

"A big effort is being put forth to get the big electric line through Akron and Canton extended on down through Dover to New Philadelphia and through to Coshocton and Newark. Hon. John C. Welty was here this week in the interest of the road and also Mr. Hoover, president of a part of the line now in construction. Dr. Lewis showed them over this part of the route."

LIKE A GARDEN.

The Hills and Vales of Coshocton County Are in Bloom.

Spring came with such a rush that blossoms preceded leaves, and in many instances trees are masses of white, with here and there a tint of color more brilliant, but without the much looked for green.

But the hills and vales of the county are in full bloom. Fruit trees are everywhere in blossom, and no prettier sight can be found than to look down upon Coshocton from the high hills beyond the Walhonding. The view is well worth a climb up the steep hillside.

WATCHING CHESTNUT.

Many Persons Examine the Street Every Day.

Since the question was raised that the Chestnut street paving might not be all it was promised, public interest in asphalt has increased.

Persons from all parts of town examine the marks in the wearing surface every day, and opinions of all sorts are passed. Engineer Hanlon will be here next Monday, and it is believed a thorough inspection will be made. Mr. Ayres, of the asphalt company, says there can be no objection to flushing the street.

English Do Not Fear American Competition In Coal.

TAX WILL HAVE NO SERIOUS EFFECT

Chancellor Hicks-Beach Defends In Parliament the Budget Provision Placing an Export Tax on Coal. Onslaught of the Opposition Fierce. News of the Old World.

London, May 3.—The session of the house of commons was devoted to discussion of the new export tax on coal. There was a large attendance and the debate was very warm at times. Sir Michael Hicks-Beach, chancellor of the exchequer, defended the government budget, which was fiercely attacked by the opposition under the leadership of Sir William Vernon Harcourt (Liberal). The latter said the tax would throw the coal trade into chaos, and pronounced it an extraordinary and vexatious piece of bungling. He contended that the tax would paralyze the export trade and it would eventually come out of the wages of the miners.

The chancellor submitted statistics, which he summarized, as showing 225,000,000 tons were mined in 1900, of which, after deducting £18,000,000 in wages more than in 1897, the coal owner had a net profit of £29,000,000 on a capital of £110,000,000. As to the competition of the United States, Sir Michael Hicks-Beach said: "Last year the price of our coal at the port of export rose very much higher than the price of coal in the United States, but in spite of that our export of coal was 38,000,000 tons, or 3,500,000 tons more than the previous year. The United States export a little over 10,000,000 tons; if the United States could not compete when the price of our coal was very high, it would be absolutely impossible for them to compete when the price of our coal was low."

Mr. John Redmond, the Nationalist leader, said the coal tax did not affect Ireland, and in that respect it was the beginning of a new era. On general principles, however, he urged Irish members to do everything possible in their efforts to defeat the budget. The debate was adjourned to Monday next, when, according to the arrangement, a division will be taken.

The prospect of the miners persisting in their determination to strike appears more doubtful, consideration of the matter for 24 hours having somewhat modified the opinions of the leaders, but no reliable indications are yet available.

Sir Michael Hicks-Beachs' strong and effective speech in defense of the tax delighted his colleagues. At the same time it was felt that he made an unsound argument when he pleaded the enormous profits of the coal owners as a justification of the new tax. It is pointed out that the radicals used the same argument when demanding the taxation of ground rents, and that, if the large profits justified attacks, lean profits would justify state assistance.

General Rising Imminent.

Shanghai, May 3.—The reports of the secret combination of disaffected elements in the Yang Tse provinces for the purpose of organizing general risings are receiving some confirmation. The British consul at Nanking telegraphs Mr. Brennan, the British consul in Shanghai, that the Nanking Viceroy is very anxious about the Yang Tse movement, and he asks Mr. Brennan to assist the taotai to preserve order by holding troops in readiness.

American Army Reviewed.

Berlin, May 3.—A military contributor to the Berliner Neuste Nachrichten reviews, with much detail, the reorganization of the American army. The writer points out a number of improvements, especially that the commanding general of the artillery arm [illegible] from the branch of the [illegible] he commands, but he con[illegible] a disadvantage that the new [illegible] to be formed should [illegible] officers detailed

Russia's Big Touch.

Berlin, May 3.—The Vossische Zeitung prints a special dispatch from St. Petersburg announcing that Russia has virtually arranged with France for loans amounting to 500,000,000 francs, and that another Russian loan is being negotiated with English and American bankers in London. The dispatch further says that the czar is planning for a trip abroad during next August, and that he will visit Copenhagen, Darmstadt and Vienna.

Record of the Plague.

London, May 3.—Sir Walter F. Hely-Hutchinson, the governor of Cape Colony, has wired the colonial secretary, Mr. Chamberlain, that the total of deaths due to the bubonic plague up to April 27 is 217. This number includes 41 Europeans. If the reported cases at Mafeking that have the symptoms of the plague are embodied in the report, the total number of cases will be 519, these including 135 Europeans.

Japanese Cabinet Resigns.

Yokohama, May 3.—In consequence of the continued postponement by the Japanese minister of finance, Viscount Watahabe, of the carrying out of the expected public works, the cabinet crisis reached a climax and Marquis Ito, the premier, after the cabinet meeting, proceeded to the palace and tendered his resignation to the mikado. All the other members of the cabinet did likewise with the exception of the minister of war, Baron Kodama.

Booker Washington's Address.

Charleston, S. C., May 3.—Booker T. Washington has been placed at the head of the negro department of the South Carolina Interstate and West Indian exposition, and has issued an address to the colored people of the United States saying that "those in charge of the negro department are especially anxious to secure exhibits representing the progress of the race."

Campers Ready to Grab.

Mountain View, O. T., May 3.—Thousands of people are pouring into southwestern Oklahoma and camping in and about the Kiowa, Comanche and Apache and Wichita Indian reservations, to be ready for the opening of public lands scheduled for August. Little attention is given to the order to keep out of the reservations, and covered wagons and tents may be seen from almost every hilltop.

PRESIDENTIAL PARTY

Meets With an Elaborate Reception at the Capital of Texas.

Austin, Tex., May 3.—Austin's reception to President McKinley and party was an elaborate affair. The city was literally wrapped with American flags, the decorations numerous, and thousands of people were on hand from Dallas, Fort Worth and other north Texas points. Governor Sayers met the president at Houston. The various local committees had 50 carriages to escort the party to and from the capitol and on their drive around the city, and 15 military companies furnished pomp for the occasion. At the capitol the president made a characteristic address to a very demonstrative multitude. The presidential party later left for San Antonio.

Smallpox Increasing.

Indianapolis, May 3.—Reports received at the state board of health show that the number of cases of smallpox throughout the state is constantly increasing instead of diminishing. There were 43 cases reported for the month of April, but it is not known how many proved fatal. Dr. Hurty, secretary of the board, says the increase in the number cases is due in a large degree to inexperienced physicians throughout the state, who call eruptive diseases the Cuban itch.

Gasoline Stove Trust.

Cleveland, May 3.—Representatives of leading gas and gasoline stove manufacturing concerns were in session here for the purpose of forming a combination of interests. While those attending the meeting were extremely reticent, it is reported that the prospects for the deal being successfully carried through are excellent.

Total Indemnity Claims.

Berlin, May 3.—The statement that the total indemnity to be demanded of China amounts to £65,000,000 has been officially confirmed here. This amount includes all private claims. It is believed that if China will now undertake to pay this sum in indemnities the evacuation of Pe-Chi-Li province can begin immediately.

First Kick on the Heat.

Pittsburg, May 3.—The intense heat has practically closed several of the bar mills in the city and badly crippled several others. Several workmen were completely exhausted and others were almost prostrated. There is a tremendous demand for iron and steel and muck bars are scarce because the manufacturers can not get workmen.

Ran Into a Worktrain.

Cairo, Ills., May 3.—Mobile and Ohio passenger train No. 1, southbound, ran into a worktrain at Fort Jefferson, 10 miles south of this city, killing R. Jackson of the worktrain and Eigineer Tippany of the passenger. Both engines were wrecked.

Compare a Stein-Bloch Wholesale Tailored Suit

With one of any other make that costs the same. You can see the difference instantly. A Stein-Bloch is "De real ting," as Chimmy Fadden would say. In other words,

IT IS JUST RIGHT,

while the other suit just misses the point and looks ready-made. It does not take a philosopher to choose the right make. Each Stein-Bloch Wholesale Tailored garment looks as though it was made for the individual wearing it. Look for this label and you will find the right thing.

AN EYE ON GERMANY

Being Kept by the American Navy Department.

HAS DESIGNS ON MARGRITA ISLAND.

Kaiser Would Establish a Coaling Station at One of the Most Important Strategic Points in South America, Controlling the Panama Canal. Uncle Sam Active.

Washington, May 3.—Although the matter has never figured before the state department, the navy department has been closely watching the happening near Margrita island, off the coast of Venezuela, which has given rise to the report that a German coaling station is to be established there. The facts have been reported to the department by some of the United States naval officers who commanded vessels which have cruised in these waters recently. Last year a German warship spent 10 weeks in looking into the possibilities of Margrita island, and this fact led to an examination on our own account, which developed the presence in this important strategic point of one of the finest harbors in South America, the possession of which would afford the United States or any other nation with a navy practical control of the Panama canal from the eastern side.

Aside from this island, some of the best naval authorities held that the Gulf of Cariaco, on the north coast of Venezuela, offers by far the most advantageous site for an American coaling station if one is to be located in that part of the world. In view of the reported German surveys in that quarter, the naval authorities here are showing unusual interest in the points available for American use. The state department never has been called upon specifically to construe the Monroe doctrine so far as it might relate to the attempt by a European government to secure a coaling station in the Gulf of Mexico or the Carribean sea.

Aged Mother on the Stand.

Cambridge, Mass., May 3.—Mrs. Grogan, the aged mother of Richard H. Grogan, Jr., for whose alleged murder Charles R. Eastman has been on trial here the last nine days, was a witness for the prosecution. Mrs. Grogan testified that on June 26 Eastman came to the Grogan house. Her son Richard was present, but he went out soon after Eastman came in. Witness did not notice that Richard and Eastman spoke. As Richard passed out Eastman said, "His days are short." Soon after witness heard Eastman say again, "His days are numbered."

Fierce Forest Fire.

Uniontown, Pa., May 3.—One of the fiercest forest fires that ever swept over the mountains has been raging for two days and nights between Somerfield and Addison, in Somerset county. Large stretches of timber, orchards and fences have been destroyed and a blackened waste marks the sweep of the fire across fields and woods. By strong efforts the citizens succeeded in saving their homes and buildings. Many sheep-grazing pastures were burned. The fire is now under control.

Married In Jail.

Indianapolis, May 3.—Clyde B. Winegar was sentenced in the criminal court to a term of from 2 to 14 years in the state prison for embezzlement. Within an hour after being taken back to jail he was married to Laura Spoon, a woman who has stood close to him ever since he was arrested in New Albany and brought back to Indianapolis for indictment and trial.

Released on Bail.

Grand Rapids, Mich., May 3.—Charles A. Johnson, the defaulting cashier of the First National bank of Niles, Mich., has been released on bail. His $10,000 bond was signed by L. E. Wood and Theodore Hopkins, both of Niles, the latter being Johnson's father-in-law. Johnson left for his home on a late train, after being in jail here since March 21.

McClure's Retirement.

Philadelphia, May 3. — The Clover club gave a banquet in commemoration of the retirement of Colonel Alexander K. McClure from active journalism after a busy career of 55 years. Covers were laid for over 300, and the participants included soldiers and statesmen, writers and publishers and others prominent in national, state and city life.

Fatal Dynamite Explosion.

Monterey, Tenn., May 3.—A dynamite explosion at Oates camp, on the Nashville and Knoxville railroad extension from here to Laureal creek, killed two men and severely injured several others. The camp is 10 miles distant, and only a meager report of the accident reached here.

To Tour the States.

Vienna, May 3.—Pietro Mascagni, the Italian composer, has signed a contract for a tour of the United States. He will start Oct. 15, and take with him an orchestra of 80 members. His personal stipend will be £2,000 a week for eight weeks.

Typhoid Epidemic.

Berlin, May 3.—An epidemic of typhoid fever has broken out in several of the fortifications and villages in the neighborhood of Metz. The Eighth Bavarian regiment has alone lost 16 men from the disease and has 281 men sick.

Sawmill Destroyed.

Grayling, Mich., May 3.—The band sawmill here, owned by Salling & Houston, was destroyed by fire. The estimated loss is about $100,000.

IN FAVOR OF A STRIKE

The Coal Miners of France Will Vote. Labor Difficulties.

Paris, May 3.—The secretary of the National Federation of Miners declares that the recent referendum in France logically implies a general strike among the miners, but as a number of the important mining centers did not vote last Sunday, a supplementary referendum has been fixed for next Sunday, and that there is no doubt the miners will then vote in favor of a strike, as did the majority last Sunday. The council of the National Federation of Miners will meet at St. Etienne next Sunday and adopt definite resolutions.

Windowglass Conference.

Indianapolis, May 3.—As the result of a national conference of windowglass interests it was decided to close down nearly all factories in the United States on May 11, and give all employes an advance in wages of 15 per cent. The conference was attended by representatives of all the co-operative glass factories in the country, including President Cole of Lancaster, O., who is at the head of an independent combination, and Simon Burns, president of the L. A. 300. There were also present members of the wageworkers' committee, and President Chambers of the American Windowglass company, commonly called the trust.

Demand Recognition.

Louisville, May 3.—A general strike in the building trades is threatened in Louisville as the result of demands for recognition of the building trades council. Upwards of 200 men quit work on various buildings throughout the city, and labor leaders declare that unless all the contractors agree to employ only union men a general strike in all the buildings trades will be ordered.

New Order Created.

Rome, May 3.—The Capitan Flacaza of this city announces that King Victor Emmanuel will sign a decree next Sunday creating a new order, to be known as the Order of the Knights of Labor, which will be conferred upon citizens, including workmen, distinguished in the study of labor questions or the amelioration of the condition of the laboring classes.

Sunday at the Exposition.

Buffalo, May 3.—So far as the Buffalo churches are concerned, no further action will be taken looking toward the closing of the Pan-American exposition on Sunday. Dr. Hathaway of the American Sabbath School union said: "We think the directors of the exposition made a great mistake in passing their resolution to open the gates on Sunday, and that they have very little to gain by their action, and much to lose. However, the action is taken, and what steps will be followed up by my organization are as yet uncertain."

Chinese Maritime Customs.

London, May 3.—Dr. Morrison, wiring from Peking, says: "The indemnity committee favors a loan raised on the guarantee of all the powers. Its proposal to increase the maritime customs to 5 per cent ad valorem applies to import duties only, and not export. All the ministers of the powers, except the British, American and Japanese, favor an immediate increase to 10 per cent. The report, which is based on somewhat imperfectly understood data, has been referred to the home governments."

Teachers For Philippines.

Carbondale, Ills., May 3.—John V. Barrow of Campbell Hill, J. Frank Daniel of Mount Vernon and John M. Bambill of Lake Creek were appointed by President Parkinson of the Normal university, under instruction of General Superintendent Atkins of the Taft commission, to positions as teachers in the educational service of the Philippines, at a salary of $75 per month, and with free transportation from San Francisco to Manilla.

Mother of Sankey.

Newcastle, Pa., May 3.—Mrs. Mary Sankey, mother of Ira D. Sankey, the world-famous evangelist and singer, died at her home in this city. She was 90 years old, being born July 17, 1811, and death was caused by the infirmities attendant upon her advanced years.

Swept Over the Rapids.

Sault Ste Marie, Mich., May 3.—A small boat containing two persons, presumably boys or young men, was swept over the rapids of the St. Marys river. Neither boat nor passengers have been seen since.

Three negroes lynched near Selma, Ala., for the killing of Deputy Sheriff Edwards.

A brilliant comet was seen after sunset at Santiago de Chile, in the western sky.

A blaze in the Werner printing plant, Akron, O., did damage to the extent of $10,000.

Thirteen barges, loaded with coal, sunk at Henderson, Ky. Towboat collided with a bridge pier.

Caroline Martin, a deaf woman, while crossing a bridge at Troy, O., was struck by a train and killed.

Flames devoured the leather dressing factory of Robinson Brothers at Gloversville, N. Y. Loss $100,000.

Famine in China.

Des Moines, May 3.—Minister Conger says that the condition of the unfortunate people in the province of Shan Si, China, is beyond description. "Prince Ching told me only two days before I left Peking," said Mr. Conger, "that these people were literally eating each other. They have eaten every blade of grass, every bit of bark—everything, in fact, that can be eaten, in that province. Nothing has been raised there for two years, and unless relief is given many, many thousand must perish."

Elected Officers.

St. Louis, May 3.—The board of directors of the Louisiana Purchase exposition company held its first meeting and organized for business. Ex-Governor David O. Francis was unanimously elected president of the board. After the applause had subsided Governor Francis briefly acknowledged the honor and expressed his thanks.

[illegible]

Washington, [illegible] mata, secretary [illegible] tion at Washington, [illegible] on the financial [illegible] said: "The foundation [illegible] arrangement is too firmly [illegible] to be affected by any tran[illegible] sion. There is no danger, in my [illegible] ion, that the present situation [illegible] sult in any serious crisis. On the contrary, it will produce, I am quite confident, a beneficial effect upon the [illegible] tional progress by affording the people a lesson that no good [illegible] be abused by luxury or extravagance in any form."

New Railroad.

Springfield, Ills., May 3.—Articles of incorporation were filed for the Peoria and Springfield railroad. The proposed line is to run from Springfield to Peoria, by way of Green Valley, and connects with the Chicago and Alton at Sherman. The road was laid out some time ago. The capital is [illegible], divided into 2,000 shares of $1,000.

The most recent as well as the most interesting development in electric lighting has lately been brought about, says The Scientific American, by Mr. Peter Cooper Hewitt, son of ex-Mayor Hewitt of New York city, as the result of long continued and untiring exertions on his part.

The Return of the Duchess.

On that May night in seventy-six
  Haply the fairies came for you;
It is their month for spells and tricks,
  And Puck's so fond of something new,
He from his native woods would stray
And seek fresh mischief Bond street way.

He told you there were hearts to break
  And worlds to see and schemes to start;
He mocked the chilly half awake
  Existence of a work of art,
What right had guardians to refuse
You freedom? Que s'excuse—Agnews.

What milkman saw you flutter by,
  White robed, with petticoat of blue?
What cabman waited for your "Hi!"
  And the sweet luck of driving you?
Or, thanks to Puck's illusive screen,
Went you—ah, whither—all unseen?

Or is the tale more commonplace?
  May be. Our welcome's still sincere.
Our compliments await your grace,
  After these years not aged a year,
Nor ever in your face we'll cast
Your shady—or your Sheedy—past.

Senator Hanna Superior to Elevators.

"Whew!" exclaimed Senator Hanna the other day as, puffing and blowing, he reached the top of the well worn White House stairs. "Hanna," said a friend who was with him, "why don't you get the president to put an elevator in this building?" "Well," said Senator Hanna, laughing, "I suggested it to the president, but he remarked that he noticed that I got here just the same."—Albany Argus.

A LASTING EFFECT.

This Evidence Should Prove Every Claim.

Relief from the pains and aches of a bad back is always welcome to every backache sufferer, but to cure a lame, weak or aching back is what's wanted. Cure it so it will stay cured. It can be done. Here's the strongest evidence to prove it.

Mr. F. S. Adams, of the Findlay Transfer Co., Findlay, O., said to a representative who called upon him in the month of November, 1898: "I gave for publication in our Findlay papers my experience and my opinions of Doan's Kidney Pills early in the summer of 1896. Many a time since I have wished that the said opinions had not appeared so often in our newspapers; for by that act I had to endorse hundreds of times in personal interviews and by letters what I said in that public statement. It is now over two years since I stopped the treatment, and I can conscientiously say that in place of my estimation of Doan's Kidney Pills lessening to-day, it is stronger than when first formed. So that others who suffer from backache, or any of the train of consequents which follow over-excited or weakened kidneys, may know my opinions about Doan's Kidney Pills, I allow them to be published for another year."

Doan's Kidney Pills for sale by all dealers; price 50 cents a box. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

[illegible] SPECTACLE

[illegible] the Temple and the Queen of Sheba.

[illegible] the sceptic or the agnostic as [illegible] to the devout believer in the [illegible] Scriptures, the era of the great [illegible] Solomon's reign is and can be [illegible] else but the most impressive, [illegible] most interesting and the grandest [illegible] all history. There are no parallels [illegible] all the records of the past; nothing [illegible] approximating in grandeur, in wisdom [illegible] sublimity, in any chronicle of [illegible] ages. It was then a felicitous conception of the management of John Robinson's Great World's Exposition to reproduce the scenes, person[illegible] incidents and events in the reign of Solomon, the grand old patriarch, [illegible] and king. That they have done [illegible] thoroughly, acceptably and successfully, the public and the press unanimously attest. The great biblical spectacle, in its powerful scenographic effects, its accurate and realistic personations, and the sumptuous lavishness attending its presentations, is pronounced with universal accord to be not only a triumph of art, but a revelation of the history of the past that has never had a precedent. Our citizens will have the opportunity of seeing this grand spectacle in connection with the manifold other wonders of the John Robinson show, on Wednesday, May 8. 1t

WERE FOUND GUILTY

Several Officers of the Fifth Ohio Under Suspension.

FINDINGS OF THE COURTMARTIAL.

Sentence Mitigated In Each Case by Governor Nash—Disastrous Fire In a Buckeye Village—Plumbers Out at Five Points—Other News Notes of the State.

Columbus, O., May 3.—The findings of the courtmartial recently appointed to try officers of the Fifth regiment and the Ninth battalion, Ohio National Guard, have been made public. In each case the officer on trial is found guilty of the charges preferred against him, and in each case the sentence of the court is mitigated by Governor Nash. The officers found guilty are Colonel C. X. Zimmerman, Major John C. Fulton, Captain Hiland B. Wright, Captain Burton O. Squier of Cleveland and Captain W. G. Wren of Columbus. They were charged with official misconduct during the regiment's encampment last summer. Each was sentenced by the governor to suspension.

Salem Road Sold.

Salem, O., May 3.—The Salem railroad has been sold to Colonel Myron T. Herrick of Cleveland. This road extends from this city to Washingtonville, seven miles, where it connects with the Erie lines. It was recently sold at receiver's sale to Walter S. Johnson of the Norton Trust company of New York for $125,000. This bid is assigned to Colonel Herrick. Receiver B. S. Ambler, who has had charge of the road for eight years, is retained as manager. It was reported that Abner McKinley, brother of the president, is interested in the deal, and that the road may be extended to Youngstown, 15 miles beyond its present terminus, to open rich coal deposits.

Disastrous Blaze.

Loudonville, O., May 3.—A fire which broke out in the American House livery barn caused a loss of $75,000. The fire was started by the upsetting of a lantern in the hay loft of the livery barn. It spread from the barn to Orra Beard's livery barn, thence to Wilson Morris' music store, The Advocate office, the American hotel, J. Rollins' jewelry store, H. C. Stockmon's drug store, A. Tenschert's tailor shop, F. P. Young's hardware store, S. H. Evans' candy store, A. B. Leopold stove store, K. of P. building and McLaughlin & Company's hardware store.

The Dead Alive.

Zanesville, O., May 3.—Grant Durling, who was reported to have been killed in a railroad accident at Kewanee, Ills., a week ago, has arrived at his home in this city. The man killed was Tom Speers, an iron worker, who formerly lived here. The mistake in identity was made through a notebook belonging to Durling which was found in the dead man's pocket.

Plant to Close.

Youngstown, O., May 3.—About 150 men were discharged at the steel rail department of the National Steel company's plant. It is stated that the steel rail mill now in this city will be discontinued and removed to Chicago, to be added to the steel rail department of the Illinois Steel company. The plant is now under the control of the United States Steel corporation.

Died of Hiccoughs.

Massillon, O., May 3.—E. W. Dehoff died suddenly of hiccoughs. He was ill but a few hours. Previous to being seized with hiccoughs, which were brought on by violent laughter, Dehoff was in his usual health. He was 51 years old.

Fell Upon a Saw.

Newark, O., May 3.—Isaac N. Preston, 61, a civil war veteran, was instantly killed at a portable sawmill on the Holler farm north of Newark. He fell on the saw and was cut in two. He leaves a widow, two daughters and one son.

Out In Five Towns.

Warren, O., May 3. — Plumbers in Warren, Niles, Youngstown, Sharon, Pa., and Meadville, Pa., are now on strike as a result of disagreement at Youngstown.

German Evangelical Church.

Vincennes, Ind., May 3. — The fifteenth annual conference of the German Evangelical church of North America opened a week's session here. One hundred and one ministers were present when the conference opened. The annual report of the president, the Rev. Frederick Hohmann of Pleasant Ridge, O., showed the synod to be in a healthy condition and the past year a prosperous one. There are 100 congregations and 85 ministers in the Indiana district, which includes five states, Indiana, Ohio, Kentucky, Georgia and Alabama. The total membership is 24,429. During the year the cost of new churches has aggregated $100,000.

INVIGORATED

HOW A WOMAN GOT HER STRENGTH BACK.

She Took Our Vinol with Good Results.

WE WANT EVERY ONE TO KNOW ABOUT IT.

READ WHAT WE HAVE TO SAY. COME AND SEE US.

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy.

If you feel listless, without ambition and run down, it is a bad sign.

You are running grave chances. You are in a condition to be attacked by most any disease.

This feeling of debility is a symptom that your system is generally demoralized. You should take a tonic.

You should take Vinol, which we know and will guarantee will restore your strength.

Following is one case where it did this. Mrs. T. H. Boyle, of 56 Chestnut St., West Newton, Mass., says:

"Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me."

Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine.

Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it.

Don't Waste Your Money.

By buying a pair of shoes just because they are cheap. Get a good pair. You can't get style or finish in a cheap shoe, and it will last only half as long as a well made shoe. One look at men's shoes that we have will tell you that they are all that good shoes should be.

Prices range from $2 to $5.
